

Erratum

Erratum to ‘A method for measuring colocalization of presynaptic markers with anatomically labeled axons using double label immunofluorescence and confocal microscopy’  
[*J Neurosci Methods* 94 (2000) 205–215]<sup>☆</sup>

Michael A. Silver, Michael P. Stryker \*

*Department of Physiology, Room S-762,*

*W.M. Keck Center for Integrative Neuroscience and Neuroscience Graduate Program University of California, 513 Parnassus Avenue,  
San Francisco, CA 94143-0444, USA*

Received 8 April 1999; received in revised form 4 August 1999; accepted 6 September 1999

The publisher regrets that the following corrections were not incorporated into the text of the above mentioned manuscript.

References to ‘Silver and Stryker, in preparation’ on pages 206 and 214 should read ‘Silver and Stryker, 1999’. The complete reference is ‘Silver MA, Stryker MP. Synaptic density in geniculocortical afferents remains constant following monocular deprivation in the cat. *J Neurosci* 1999; 19: 10829–42’.

The formula on page 208 should read

$$\frac{p}{(a)[s^*(t/n)]}$$

On page 214, ‘...whether than antigen is colocalized with the axons of interest...’ should read ‘...whether that antigen is colocalized with the axons of interest...’

In the legend to Fig. 1, ‘A total of 0.2  $\mu$ m fluorescent beads were imaged...’ should read ‘Fluorescent beads (0.2  $\mu$ m) in diameter were imaged...’

In the legend to Fig. 3, ‘Box indicates the portion of the image used for image processing (B)–(D)’ should read ‘Box indicates the portion of the image used for image processing as shown in (B)–(D)’.

In the legend to Fig. 6, ‘(H) (F) Following intensity thresholding’ should read ‘(H) is (F) following intensity thresholding’.

In the legend to Fig. 7, ‘Error bars show the SED, which is the square root of the sum of the squares of the SEM for the experimental and shuffled conditions’ should read ‘Error bars show the standard error of the difference (SED), which is the square root of the sum of the square of the standard errors of the mean (SEM) for the experimental and shuffled conditions’.

The page numbers of the Hamos et al. citation in the reference list should be 165–92.
